N. HAROON BASHA

Senior Graphic Designer & Video Editor | Creative Visual Specialist

PROFESSIONAL SUMMARY

A results-driven Creative Professional with 5+ years of expertise across Graphic Design, Web Design, Video Editing, and Digital Marketing. Holds an MBA in Human Resources and a B.E. in Computer Science — a rare combination that fuses analytical thinking with hands-on creative execution. Highly proficient in Adobe Creative Suite, DaVinci Resolve, and cutting-edge AI tools including HeyGen, ElevenLabs, Higgsfield, and Google Flow, enabling the delivery of next-generation visual content at scale. Has built a strong freelance portfolio serving diverse clients across India and internationally — including North Florida Sangam (USA), Taj Groups, Vive Traders, and Sethu — spanning brand identity, social media campaigns, video production, and trade marketing. Now seeking a senior creative or digital marketing role where bold ideas, technical mastery, and proven cross-industry client experience can create measurable, lasting impact.

WORK EXPERIENCE

Integfarms My Health School | Senior Graphic Designer | JAN 2023 – Present

- Integfarms My Health School is a health and wellness education platform offering online courses, webinars, and digital training programs focused on holistic well-being and preventive healthcare.
- Executed brand identity projects: logo suites, brand guideline kits, business cards, brochures, and packaging for F&B, fashion, and tech sectors.
- Produced and edited promotional videos, reels, and social media content using DaVinci Resolve and professional color grading.
- Created AI-generated video content and voiceovers using HeyGen, ElevenLabs, and Higgsfield for client digital campaigns.
- Generated motion graphics and animated content using Adobe After Effects for YouTube and social media ads.
- Designed monthly social media creative packages (posts, stories, reels) for 10+ active brands across Instagram & Facebook.

North Florida Sangam *USA CLIENT | 2025*

Freelance Graphic Designer

- Designed event promotional materials, banners, social media graphics, and digital content for community events in the USA.
- Produced video edits and motion graphics for cultural programs and online promotions.
- Collaborated remotely with client team to deliver time-sensitive creative assets across time zones.

Truefoodstore | Social Media Designer & Digital Marketing Executive | 2021 – 2023

- Truefoodstore (truefoodstore.com) is a retail online store specialising in pure, natural, and organic food products — offering customers a trusted destination for health-conscious, chemical-free everyday essentials.
 - Managed and executed end-to-end social media campaigns across Instagram and Facebook — including content planning, image editing, video creation, post scheduling, and audience engagement.
 - Designed eye-catching product visuals, promotional creatives, and seasonal campaign graphics to highlight the brand's pure and organic product range and drive online visibility.
 - Created short-form video content and reels for Instagram and Facebook to showcase products, build brand trust, and attract health-conscious audiences organically.
 - Handled complete website management on WordPress — updating product listings, banners, landing pages, and ensuring a smooth, visually consistent user experience across the store.
 - Planned and maintained a consistent content calendar, ensuring regular posting schedules across all social media platforms without gaps in brand presence.
 - Generated organic leads through strategic content, community engagement, and platform-native growth tactics — reducing dependency on paid advertising.

Taj Groups (Hardwares, Materials & Trades) 2026

Freelance Visual Designer & Brand Consultant

- Developed complete branding materials including logos, brochures, product catalogs, and trade marketing collaterals.
- Created digital ad content for product promotions across hardware, materials, and trading verticals.
- Designed print-ready materials (banners, flyers, packaging labels) for trade exhibitions and showrooms.

Webberax FEB 2019 – AUG 2020

Associate Software Engineer – Digital Marketing

- Created visual content and digital marketing materials: email campaign graphics, banners, and social media posts.
- Managed and monitored email marketing campaigns, measuring open/click-through rates and optimizing for engagement.
- Analyzed marketing data, drew insights, and contributed to campaign strategy improvements.
- Supported marketing automation workflows ensuring consistent brand visuals across all channels.
